DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/10/03 has been entered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mike Badagliacca on 01/26/2004.

The application has been amended as follows:

- Page 15, line 25: "wide" has been replaced by -- wider than the arrangement range of the upper side through holes 17a --.
- Page 16, line 3: After "utilized.", the following has been inserted:
"In this example, the "arrangement range" is the distance from the left-most through hole 16a or 17a to the right-most through hole 16a or 17a."

Allowable Subject Matter

3. Claims 1-17 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Barabi does not show the elastic member and the tubular member disposed between the plungers as required by the independent claim 1, and upper plate detachably and immovably assembled on the lower plate as required by independent claims 15 and 17. Frederickson does not show the arrangement range of the lower side through holes wider than that of the upper side through holes as required by claim 8. Furthermore, prior art does not show a tubular member with an end detachably engaging a plunger and a portion sliding within the upper plate and contacting the other plunger in combination with other features of the independent claim 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
